

RIO PROPERTY GROUP LIMITED

1 April 2024

MANAGER COMMENTS

RIO Property closed the first quarter of 2024 in profit, up 2.29%. This in comparison to the accounts benchmark return which returned 0.63% in the same period. The outperformance reflects the benefit of our three decades of experience and underlines that RIO Property is well-versed in this market. Since launch RIO Property has filed seventeen consecutive gaining quarters, producing a net gain of 37.77%. The track record is bolstered by its risk-reward ratio of 14.76:1. The investment industry ranks such a risk reward ratio as excellent.

Looking further back, during 2022, this investment filed a net gain of 8.08% and had outperformed its benchmark return of just 4.77% in that year; more importantly, that year, RIO Property had served as a welcome shelter from the stock market mayhem of 2022, which had resulted in the FSTE 100 falling over 14%. This is the third edition of RIO Property the previous versions like this investment had also outperformed the benchmark return importantly doing so every year since their launch. RIO has had two previous property investments delivered net gains of over 60% at the end of their term. Had a member invested in the previous two RIO Property fixed term products, they would have seen a net return of 126.43%.

INVESTMENT OBJECTIVE

The investment objective is to provide capital appreciation from a combination of renovation and development projects.

The projects are UK based and predominantly in prime city locations.

RIO has secured a select parcel of commercial properties that will immediately benefit from a change of use from commercial to residential. Importantly all properties within the portfolio are owned outright, there are no mortgage or leases utilised to purchase land or buildings and the redevelopment cost are also financed in cash terms.

The investment is to be structured as low risk and offers an attractive alternative to the normal low risk low return paradigm.

It should be noted that shares in RIO Property Group Limited are not available or promoted to members of the general public.

ASSET ALLOCATION (%)

VOLATILITY & RISK (2 Years)

	RIO Property	UK Property
Annualised Volatility	3.41%	11.18%
Return for Period	14.76%	0.01%
Best Quarterly Return	2.86%	3.71%
Worst Quarterly Return	0.86%	-2.91%
Risk / Reward Ratio	14.76:1	0.01:1

The risk/reward calculation is a division of net profit (the reward) by the price of your maximum risk. Any investor should determine their acceptable risk, but it is always best to be more conservative with risk than aggressive with reward.
